Pateisinimas (1)

Roman Alexandrovitch Vidyukov is an investigator at the State Investigative Committee of the Russian Federation. He led the investigation in one of the cases in which Alexei Navalny was involved and sentenced to nine years in prison in 2022. He also was a member of the preliminary investigation team for the “money laundering” case against Navalny’s anti-corruption foundation. He further led the investigation against Lilia Chanyшева, former Head of Navalny’s headquarters in Ufa, convicted of “creation of an extremist community”. Lilia Chanyшева was sentenced to seven and a half years in prison in 2023. During those court cases, Roman Alexandrovitch Vidyukov allegedly threatened a witness, in order to force him to give testimony that would be favourable to the investigation during Navalny’s fraud case. He is therefore responsible for serious human rights violations in Russia, including arbitrary arrests or detentions and the violation of freedom of opinion and expression which is of serious concern as regards the objectives of the common foreign and security policy set out in Article 21 TEU.
